THE MIDNIGHT RIDE OF PAUL REVERE EDISON DRAMA
IN TWO PARTS

Of all the characters of our Revolutionary period, none is more endeared to young and old than that of Paul Revere, whose exploits have been immortalized by Longfellow so effectively that the lines of the poem and the incidents portrayed are graven more deeply, perhaps, upon the average American mind than any other character or exploit of our American history.

BIG HIKING PARTY WILL VISIT FIELD

Wanderlusters of Baltimore, from
Five Hundred to a Thousand
Strong, Plan Trip to Gettysburg
in March. Extend Invitation.

"The Wanderlusters", an organization of Baltimore men, are due to visit Gettysburg on Sunday, March 28, if they accept an invitation which was extended to them to-day by a number of the business men of town. It is expected that from 500 to 1000 will compose the party.

They will be headed by Henry E. Warner, of the "Baltimore Sun", and will come by rail. Following their usual custom, the trip after their arrival will be on foot. A local committee will meet them at the station and conduct them over all portions of the field and the return home will be made by train in the evening.

"The Wanderlusters" compose one of the best known organizations in Baltimore. The membership is not limited or restricted, and the mere announcement that they will take an outing on some Sunday is regarded as an invitation for any to go along, who may care to do so, whether or not they have been on any previous expedition. No conveyances are ever used after the destination is once reached and hiking is always the method.

The number varies at different places. One of the most successful trips was to Harper's Ferry where 2000 took a day's outing, hiking over the country and the mountains in that vicinity. The number coming here will be possibly one-third or one-half that many.

Gettysburg has been urged a number of times upon these pleasure-seekers but they have never been sufficiently pressed to consent to come. It is expected that within the next week formal announcement of the trip will appear in Baltimore and that March 28 will see the visitors here.

LEFT MONT ALTO

Doesn't Like Regulations. Caught and
Taken Back.

A somewhat eccentric inmate of the White Pine sanatorium, William Brooks, of Erie, attempted to make a personal disarrangement of the rules of the institution Sunday afternoon. He regards the regulations of the general dispensary as too rigid for one of his delicate sensibilities. Brooks escaped surveillance, wearing neither hat nor coat, and struck for the turnpike by way of Caledonia.

Brooks was soon closely pursued by a posse from the sanatorium but for a long time evaded the pursuers by concealing himself in the bushes and crawling through underbrush. He stopped at the home of Harry Bush in Greenwood and nabbed a coat and hat. Later he was heard of near Chambersburg. Here his pursuers caught him Monday morning and returned him unharmed to White Pine.

SALE REPORTS

Large Total at Lewis Mizell's Sale on
Monday.

Lewis Mizell's sale in Cumberland township on Monday was one of the largest of the present season and amounted to \$3183.48. The best horse brought \$191 and the best cow \$60. Chickens brought 17 cents a pound and turkeys 26 cents. The attendance was estimated at 600. G. R. Thompson called the sale and P. A. Miller was the clerk.

Joseph Cool had sale near Arendtsville on Monday that amounted to \$783.85. Shoats sold for \$3 to \$6.50. The highest price paid for a cow was \$44, and a pair of mules sold for \$230.

FORMER CITIZEN TAKEN BY DEATH

William E. Stallsmith Dies in Luzerne County after an Illness of Several Days. Funeral will be Held here. Other Deaths.

WM. E. STALLSMITH
William E. Stallsmith, son of the late William C. and Barbara Stallsmith died at his home in Parsons, Luzerne County, this morning at eight o'clock, as a result of a stroke of paralysis received last Friday.

Mr. Stallsmith, who was 61 years old, left Gettysburg to make his home at Parsons 34 years ago and since that time has been employed at his trade as carpenter.

In addition to his wife and two sons, Lester V. Stallsmith and Walter E. Stallsmith, he is survived by the following brothers and sisters: Reuben K. Stallsmith, York; Levi H. Stallsmith, George W. Stallsmith, Mary E. Stallsmith and Sadie C. Stallsmith all of Gettysburg.

The body will be brought here for interment and announcement of the services made as soon as they have been determined.

WM. H. GROSS

William Henry Gross died suddenly Saturday at 12:15 p. m. in Hanover, aged 46 years, 8 months and 18 days.

The deceased is survived by his wife and five children, also the following brothers and sisters: Mrs. George Sheberly, Peter Gross and Chauncey Gross, of near Abbotstown.

The funeral was held this morning with short services at the house and further services and interment at Holtzschwalm church near Abbotstown, Rev. O. P. Shellhamer, of York, officiating.

PLANK—MYERS

Eddie Plank Announces Marriage of Several Weeks ago.

Eddie Plank left Gettysburg shortly before four o'clock Monday afternoon to join the St. Louis team of the Federal League, at Jacksonville, Florida. A half hour after the train pulled out of the station his intimate friends were free to tell the secret they had kept successfully for several weeks and they spread the news that:—

"Miss Anna Cora Myers, daughter of Mrs. Sarah Ellen Myers, of New Oxford, and Edward S. Plank, of Gettysburg, were married in Ridgewood, New Jersey, on January 30."

The news was generally known about town in a few hours but Eddie, with his customary modesty, had avoided the reception which he would have met had he still been here, and only long distance congratulations could be extended.

Mrs. Plank joined Eddie when the train reached New Oxford and they are now on their way South together. The Times joins with the thousands of people East and West, in addition to his home folk, in extended the very best of good wishes.

ACCIDENTS

Town and County Mishaps on Monday
Afternoon.

When the eighteen months old son of D. M. Pottorf, of West street, struck himself in play with a small piece of iron Monday afternoon he cut an ugly gash above his eye that required a stitch to close. A local physician gave the necessary attention.

A piece of wood was thrown from a saw at the Arendtsville barrel factory striking Ralph Heckenluber above the eye and rendering him unconscious for some minutes. A physician was summoned and the injury was found to be not serious. The accident occurred Monday afternoon.

RURAL PEOPLE AFFECTED BY TAX

What Enters into their Income Tax Returns is Shown in Recent Explanation. Tell who Cannot be Considered Farmers.

Adams County farmers and farm owners will be concerned in the announcement that income from farm products and crop-share rentals must be included in the tax returns of income for the year in which they are sold for money or a money equivalent, according to a decision made by Commissioner of Internal Revenue Osborn.

When farm products are held for favorable markets, the decision says, no deduction on account of shrinkage in weight or physical value or losses by deterioration will be allowed. Cost of stock purchased for resale is an allowable deduction, but that of stock for breeding purposes is regarded as capital invested and not as an allowable deduction, except when such stock dies of disease or is destroyed without reparation by order of State or Federal authorities. Cost of tools may be deducted, but not that of farm machinery.

A "reasonable allowance for depreciation" will be allowed on farm buildings, other than the owner's dwelling, on farm machinery and other physical property.

"A person cultivating or operating a farm for recreation or pleasure on a basis other than the recognized principles of commercial farming, the result of which is a continual loss from year to year", the decision adds, "is not regarded as a farmer. In such cases, if the expenses incurred in connection with the farm are in excess of the receipts therefrom, the entire receipts from sale of products may be ignored in rendering a return of income, and the expenses incurred being regarded as personal expenses will not constitute allowable deductions in the return of income derived from other sources."

ADAMS REPRESENTED

Judge Tells Bankers of Franklin County's Average Thrift.

With 200 members present, Group No. 5, of the Pennsylvania Bankers' Association, met in Chambersburg Monday, bankers from Dauphin, York, Lancaster, Adams, Fulton, Franklin, Perry, Lebanon, Juniata and Mifflin counties attending. In his address of welcome, Judge W. Rush Gillan told his hearers that \$7,130,000 was deposited in the 18 banks of Franklin county, with its population of 60,000, or \$118.83 per capita. Dr. Anna J. McKeag, president of Wilson College, greeted the bankers in behalf of the college.

"Shep", the handsome collie dog for years the majordomo of the Graeffenburg Inn canines, ate a chunk of poisoned meat while along the highway Sunday afternoon and died in agony within a half hour. "Shep" was widely acquainted in Franklin and Adams counties and was the pet of and admired by hundreds. He had long been the head bell-boy, chief of the Inn police and captain of the ladies' guide. The meat had been purposely thrown on the roadside for dogs to eat and the distributor to enjoy their miserable end.

EXPOSITION TO DIVERT TOURS

Personally Conducted Excursions to Gettysburg this Summer will be Far Less Numerous than in Preceding Years. The Outlook.

That the Panama-Pacific Exposition is likely to hurt the tourist trade to Gettysburg this summer is indicated by the attitude of agencies booking the various summer outings. Every effort is being directed to divert the trade to the Pacific Coast which, it is readily seen, will be a much more profitable undertaking to the agencies concerned.

Reduced rates on all railroads with attractive side trips for the trip of several weeks will doubtless prove alluring to the persons seeking this form of summer travel and the numerous tours from New England, from eastern cities and other places, that have come to Gettysburg spring and fall for many years, will be few in number in 1915 according to the present prediction.

There is one new feature of the summer tourist trade, however, which is brought about by the interest in the present European conflict. One of the larger tourist agencies is now arranging a trip to the principal American battlefields, and Gettysburg, of course, stands pre-eminent in the advertising for this special tour. Other battlefields of other wars, North and South, are also to be visited but Gettysburg is to be the principal drawing card of the trip. The date has not yet been set.

One large party to visit Gettysburg this spring is due to come here April 10 and 11 when a party of school teachers from New York—about 100 in number—will come for a trip over the battlefield. Other smaller parties are also seeking accommodations.

The great business this summer will, from present indications, be the automobile trade, and the coast to coast tourist over the Lincoln Highway will be an almost daily event. At least 5000, estimate Lincoln Highway officials, will pass through Gettysburg during the summer months.

NO USE FOR AUTOS

County Folk Die Without Seeing Much of the World.

Nicholas Guise, who died at his home near York Springs last week aged 94 years, had never ridden on a trolley or automobile and had never been in a city in his life. Carlisle was the largest town he ever saw, having been a regular attendant at the market in that place for over half a century.

Miss Maggie Day died at her home two miles north of York Springs on Wednesday morning aged 78 years. A remarkable fact in connection with her life is that she was born and lived her entire life in the same house in which she died. She had never talked through a telephone, ridden on a railroad train, trolley or automobile.

RESIGNS

Mr. Wolf's Health Compels him to Take Smaller Charge.

Rev. Norman S. Wolf, formerly of Dayton, O., has announced his resignation as pastor of St. Matthew's Lutheran Church, one of the leading congregations of Reading, owing to ill health. It will take effect March 1. Mr. Wolf will take the pastorate of a smaller church at Stony Creek Mills in the suburbs.

He is a son-in-law of Mr. and Mrs. J. A. Tawney, of West Middle street.

WON ANOTHER

Franklin and Marshall Defeated at Lancaster.

Gettysburg's basket ball team which had all kinds of difficulty in defeating Franklin and Marshall in the local gymnasium last week by a score of 33 to 32, showed the Lancaster Collegians their real game away from home Monday night and won from the Reformed institution on their own floor 51 to 33. Gettysburg passing and shooting were of the highest type.

ALL business houses and places of amusement in Biglerville will be closed each evening from seven o'clock until after the church service. This will continue to the end of the revival.—advertisement 1

TRADED KICKING HORSE FOR TEAM

Giving Fifteen Dollars Additional to Get Outfit which, it now Develops was Stolen. Property Recovered at Hampton.

Acting on an admission made to Detective Charles S. White, of York, by Ralph Bierbour, who was arrested in Owingsville, Ky., last week as a horse thief, that he had sold the horse he is alleged to have stolen from R. F. Herr, a York liveryman, to Zack Krig, a farmer residing at Hampton, the horse was recovered Monday by Constable Woltman.

A search warrant was issued by Alderman Walter F. Owen, and the animal was identified by Mr. Herr, who accompanied Constable Woltman to Krig's farm.

According to a statement made by Krig, Bierbour, after he had hired the horse and wagon from Liveryman Herr, traded the former to him for a kicking horse and \$15 to boot. The kicking horse, given in trade, has not been traced.

SOME FOX

Mid-Winter Animal Story Comes From the Mountain.

The most remarkable fox that has ever been found in the Blue Ridge mountain section, was jumped in the woods of Mr. Leshar, near Monterey.

The head of the animal was an exact facsimile of that of a fox, but there was a black stripe running from the head of the animal to its tail. The tail was bushy and while it did not have white lines around it, it somewhat resembled that of a coon.

After this animal had run for three hours through the very thickest places in the mountain, the dogs came to a stop under a tree on the Fox farm beyond Blue Ridge Summit.

When the hunters arrived at the tree they found the animal in the top of it. George Benchoff, master of hounds, and R. L. Smith went after him, and when they got to the limb on which he was standing, he jumped as a coon does.

The dogs again started in hot pursuit and ran for three hours more, finally tiring the animal again on the Benchoff farm.

This was about 2 o'clock in the afternoon and as he had been hard pressed by the dozen or more hounds the hunters decided not to shake him out again for fear he would be caught and killed.

TURNED AWAY

Court House Could not Accommodate Large Crowd.

The patriotic orders of Gettysburg did the town a distinct service in the exercises which they arranged for the evening of Washington's Birthday. The Court House was more than filled with an audience that enjoyed a most creditable program of two hours and a half. Many could not gain entrance. A number of addresses were made by prominent citizens and recitations and music made up the remainder of the program which has recently appeared in these columns. The Court room was very prettily decorated with United States flags and the affair was, in every respect, a great success.

TAFT FEARS A CRISIS FOR U. S.

Says Warring Nations Invade Neutral Rights.

UPHOLDS MR. WILSON'S ACTS

Declares Grave Issue Will Arise If American Lives or Property Suffer in War Zones.

Morristown, N. J., Feb. 23. — The United States is threatened with a serious invasion of its rights as a neutral by the warring nations of Europe, and in preserving its commerce with those nations is face to face with a crisis, in the opinion of former President William H. Taft.

In the solution of that crisis, should it arise, no jingo spirit must be allowed to prevail, Mr. Taft advised; neither pride nor momentary passion should influence our judgment.

"And when the president shall act," Mr. Taft declared, "we must stand by him to the end. In this determination we may be sure that all will join, no matter what their previous views, no matter what their European origin. All will forget their differences in self-sacrificing loyalty to our common flag and our common country."

Mr. Taft's reference to the situation confronting the United States was made at the conclusion of an address delivered in Morristown, before the Washington Association of New Jersey.

Quoting from a reservation in the treaty of Algeciras proclaimed in 1907 and entered into by the United States and eleven European nations, including most of these now at war, Mr. Taft said:

"Our interest in the present war, therefore, under the conditions that exist, should be limited as set forth in this reservation, to wit:

"Preserving and increasing the commerce of the United States with belligerents; to the protection as to life, liberty and prosperity of our citizens residing or traveling in their countries; and to the aiding by our friendly offices and efforts in bringing those countries to peace."

"Our efforts for peace," he continued, "have been made as complete as possible, for the president has already tendered his good offices by way of mediation between the powers, and they have not been accepted."

"In preserving the commerce of the United States with the belligerents, however, we are face to face with a crisis. We are threatened with a serious invasion of our rights as neutrals in trading with the belligerent countries. What certainly is an innovation upon previous rules in respect to neutral commerce and contraband of war has been initiated by belligerents of both sides."

"The planting of mines in the open sea and the use of submarines to send neutral vessels to the bottom without inquiry as to their neutrality when found in a so-called war zone of the open sea, are all of them a violation from the rules of international law governing the action of the belligerents towards neutral trade."

"When their violation results in the destruction of the lives of American citizens, or of American property, a grave issue will arise as to what the duty of this government is. The responsibility of the president and congress in meeting the critical issue thus presented in maintaining our national honor on the one hand, with due regard to the awful consequences to our 90,000,000 of people of engaging in this horrible world war on the other, will be very great. It involves on their part a judgment so momentous in its consequences that we should earnestly pray that the necessity for it may be averted."

BED CLOTHES SUFFOCATE MAN

Young Man Meets Accidental Death in Peculiar Way.

Philadelphia, Feb. 23.—Harry Cherk, twenty-five years old, 1527 South Seventh street, was accidentally suffocated under the bed clothes.

His sister, Miss Sarah Cherk, found him with a bed sheet wrapped around his head in such a manner that the police believe he wound himself up in it while struggling for air as he slept.

Upon finding her brother wrapped in the bed clothes, she summoned a policeman, who had him removed to the Mount Sinai hospital, where the physicians said he had been dead for several hours. It is supposed Cherk slipped down under the bed coverings as he slept.

U. S. Colors Painted on Ship.

Savannah, Ga., Feb. 23.—Following the example of the Dutch and Norwegian ships, the American steamship Medina, of the Mallory line, a cotton ship, bound for Rotterdam, sailed from here with the American colors and her name in large letters painted on a distance of several miles, and the ship has no fear of German torpedoes in the war zone.

GERMANS FEAR TWO SUBMARINES ARE LOST

Big Underwater Craft Did Not Return to Base.

London, Feb. 23.—A dispatch from Amsterdam to the Exchange Telegraph company says reports from the German frontier state that great uneasiness exists at the German fortified seaport of Cuxhaven concerning two large submarines which have not returned to their base.

No decision has been reached yet by the allied governments upon the precise attitude which it is proposed to adopt in retaliation against Germany's recently initiated war zone policy, but a speedy agreement is expected. Replying to a question in the house of commons, Premier Asquith said:

"The allied governments are considering what action it would be proper to take in the way of reprisals against the German policy of attacking and destroying British allied and neutral merchant vessels, without a warning and without an attempt being made to save the lives of civilians and innocent crews."

"Pending a decision, which I hope will very soon be announced, I can not make a statement regarding the nature or scope of the measures to be taken."

As to the form in which the decisions will be published, Premier Asquith said:

"There certainly will be a note from Great Britain, and I hope there will be a joint one."

WOMAN A SUICIDE

Farmer's Wife Ends Life With Shotgun After 3 Unsuccessful Attempts.

Reading, Pa., Feb. 23.—After three unsuccessful attempts at self-destruction, Mrs. Mary Sattazahn, thirty-eight years old, of Wernersville, ended her life by blowing off the top of her head with a shotgun.

Mrs. Sattazahn first tried to kill herself by pouring oil on her clothes and lighting them, but her plight was discovered in time to baffle her purpose.

Some time later she was frustrated in an attempt to end her life by cutting her throat. The next attempt was by drinking acid. She leaves besides her husband several small children.

PROVIDES 75 SUBMARINES

Senator Smoot Introduces Amendment to Pending Naval Bill.

Washington, Feb. 23.—Senate Republicans intend to put a larger submarine building program in the pending naval bill than has been provided by the house.

Senator Smoot introduced an amendment for fifty submarines of a seagoing type and twenty-five smaller ones. For the first year it would appropriate \$20,000,000.

"The European war has demonstrated beyond any question," said Senator Smoot in introducing his amendment, "that submarines are invaluable for defense of coast cities and coast line. That is the sort of defense we want in this country more than anything else."

LOSING FIGHT FOR LIFE

Wilmington Student, With Broken Neck, In Comatose Condition.

Wilmington, Del., Feb. 23.—Though he has made a gallant fight for life since last October, Robert Layfield, the Johns Hopkins football player, whose neck was broken in a game at Bethlehem, is in a comatose condition and the end is believed to be near.

Until the plucky youth, nineteen years old, went into this condition he declared that he would get well.

At the home of his father, Walter A. Layfield, vice president of the Atlas Powder company, the serious condition of the young man was confirmed, and his parents have practically given up hope of his recovery.

COAST OPEN TO Foe, GARDNER DECLARES

The Congressman Pleads For Stronger Defences.

Washington, Feb. 23. — Declaring that some of the principal seacoast cities of the United States are not safe from bombardment and the reports of the recent hearings before the house appropriations committee do not disclose the true situation, Representative A. P. Gardner in the house appealed for stronger coast defenses.

Gardner declared that the coast defense guns have only 73 per cent of the minimum amount of ammunition estimated for them, and the pending fortifications bill raised the percentage to only 74 1/2 per cent of the minimum amount.

At the present rate of appropriation it will be eighteen years before we will have ammunition for our coast defense guns to last even one hour. Perhaps by that time we will get around to considering the declaration of General Weaver, of the coast artillery, that we need twice the amount.

Relative to the defenses of the coast cities, he said: "Our forts are open on the land side, every one of them. As for the sea coast guns, they can't help us to repel a land attack, for we have ingeniously so arranged it that only three out of the entire 160 are mounted to shoot in any direction. There can be no doubt that troops conveyed and landed by a successful foreign nation could readily take our coast fortifications in the rear."

U. S. WANTS PRIESTS FREED

State Department Makes Representations to Carranza and Obregon.

Washington, Feb. 23.—Representations made by the United States government to General Carranza through American Consul General Canada at Vera Cruz, for the release of the priests held for ransom at Mexico City were repeated to American Consul Shillman, with instructions to discuss the matter with General Obregon in the Mexican capital.

In view of Carranza's recent order that his subordinate military commanders were not permitted to receive diplomatic representations, it is believed that Mr. Shillman will merely seek to use his personal influence with General Obregon to adjust the situation.

ATROCITIES CHARGED TO CZAR'S TROOPS

All of East Prussia Devastated by Russians.

Goldap, East Prussia, Feb. 23, by wireless to Berlin and by way of Sayville to New York:

The German army in pursuit of the flying Russians has found in all the towns passed the most terrible and disgusting devastations ever known to war.

The shattered army of Grand Duke Nicholas, which went through Goldap six days ago, did not leave a house, store nor even a hospital or a church standing.

In Lyck, thirty miles south, and all the towns round about Goldap and Lyck, the same terrible conditions were found.

These are not Belgian rumors, but actual scenes. We are on the ground and have obtained photographs before witnesses.

The Russian defeat in East Prussia, which already has been told, was overwhelming. But the retreating columns did damage which would never have been believed possible had we not seen the evidence.

Every store, bank and private residence in these towns has been looted and burned, looted carefully and systematically, so that all the visible wealth of the people was carried off or destroyed.

However, the mere destruction of property does not picture the Russian excesses. Frau Flick, seventy-eight years old, so weakened from the shock that she could not stand, told us of Russian soldiers attacking her. Other women, some younger, told us how the Russian soldiers had attacked them.

The rooms occupied by the Russian general and his staff in Goldap were almost beyond description. Had we not been informed definitely they had used it we would have assumed it had been the home of pigs. In fact its condition was such that the tale cannot be told in print, it was so hard to believe that high officers of an army would live in such conditions.

The altar of the German church in Goldap was torn to pieces by the soldiers, who looked for gold vessels. The library of the priest was destroyed. The destruction was so unrelenting that imagination might picture it as the work of drunken apes.

SEES SUBMARINE IN IRISH SEA

German Craft Leaves Norwegian Ship Unmolested, Captain Reports.

Swansea, Wales, Feb. 23.—Captain Keldahl, of the Norwegian steamship Karwater, reported that he sighted a German submarine in the Irish sea on Saturday afternoon off the Shetlands.

The submarine, traveling about eight knots an hour, passed around the Karwater, but turned away and dived when it learned the identity of the neutral vessel.

Ask Queen to Plead Peace.

Amsterdam, Feb. 23.—The International Peace Committee of Amsterdam has addressed Queen Wilhelmina a petition in which her majesty is requested to offer mediation with a view to bringing about an armistice of peace. The petition is signed by some hundreds of thousands of people, including subjects of the belligerents.

Swiss Shoot Down Aeroplane.

Berne, via Paris, Feb. 23.—Swiss soldiers fired on an aeroplane, said to have been German, which flew over Bofel. The machine was struck and the pilot was forced to descend at Ferrara after hovering over the positions at Rebecq.

LOST 100,000 IN PRUSSIA ROUT

Czar's Reverse Turned Into

BIG BATTLE IN MOUNTAINS

Russia Reports the Capture of Im-
portant Passes—Massing Troops in
Galicia.

Berlin, Feb. 23.—The German official statement announces that the captures in the battle of the Mazurian lakes district of East Prussia have been increased to seven generals and more than 100,000 men. The pieces of cannon taken numbered 150.

The following official statement was issued:

"In the eastern theater of war the pursuit after the winter battle in the Mazurian district has come to an end. During the clearing up of operations to the northwest of Grodno and in the battles reported during the last few days in the Dobr and Nawew districts, one commanding general and four other generals and approximately 40,000 men have been taken prisoners. Seventy-five cannon and some machine guns, the actual number of which has not yet been ascertained, and much other war material has been captured.

"The total booty taken in the winter battle in the Mazurian district as a result of these additions has been increased to date to seven generals, more than 100,000 men, upwards of 150 cannon and quantities of other material of all descriptions."

The Tagblatt's correspondent at Koenigsberg telegraphed that an entire corps (40,000 men) of the Russian Tenth army had been annihilated in the recent fighting. He asserted that the Russians' total losses in men were 170,000.

"The most important phase of the German victory, however," he added, "was that the Russians lost nine-tenths of their artillery. Their retreat was a rout in which thousands surrendered without fighting."

The greatest mountain battle of history is now raging in the Carpathians. The Russians are displaying the greatest possible tenacity in their efforts to gain victory, but thus far the czar's troops are being slowly but steadily forced out of Galicia.

The Russians have concentrated enormous masses of reserves in an attempt to recapture Kolomea, which is an important railway junction. The result of the battle there is expected to have an important bearing on the campaign in Galicia, where the Austro-German troops have made further advance by capturing Stanislaw.

The military situation bears a great resemblance to the Napoleonic struggles, in which strategy of the highest order was mixed with the most furious fighting.

Special thanksgiving services to celebrate the defeat of the Russians in East Prussia were held throughout Germany on Sunday. A hymn of praise written for the occasion was sung. The services were held under instructions that were issued by Emperor William.

Russia Gains in Carpathians.
Petrograd, Feb. 23.—Capture of the heights southeast of Dukla and northwest of Senetchow, in Galicia, after a desperate struggle, is described in an official communication on the progress of operations issued here.

The statement follows:
"During the past two days we have made prisoners of about 1000 Germans."

"In Galicia, on Feb. 19 and 20, after an extremely vigorous preparatory bombardment, the enemy made an offensive movement north of Zakliczyn, but was repulsed after three attacks. The fighting between Mesolaborcz and the upper San river continues, consisting of alternate offensive and defensive actions."

"Fresh attacks by the Germans on the heights of Myto Koziouska and in the region of Neurozanka all have been repelled."

"After a desperate struggle our troops captured heights southeast of Dukla and northwest of Senetchow. In south Galicia the enemy has occupied Stanislaw."

AMPUTATE BERNHARDT'S LEG

Right Lower Limb of Famous French Tragedienne Is Removed.
Bordeaux, Feb. 23.—The right leg of Madame Sarah Bernhardt, the tragedienne, was amputated at the knee at the St. Augustine hospital at Alcahon.

The operation, made necessary by an affection of the knee, which had caused much suffering for several years, was performed by Professor Denue, of the Bordeaux university.

Indian Outlaws Surrounded.

Denver, Colo., Feb. 23.—Advices received here from Grayson, Utah, by telephone to Dolores, Colo., said that the band of Piute Indians under Tse-Ne-Gat, which fought a desperate battle with a posse commanded by United States Marshal Aquile Nebeker, had been surrounded in Cottonwood Gulch, near Bluff, and that three more had been captured.

SOME DON'TS For Stomach and Liver Sufferers

Don't take medicine for your Stomach ailments morning, noon and night, as usually such medicines only give temporary relief and simply digest the food that happens to be in the Stomach.

Don't permit a surgical operation. There is always serious danger in operations and in many cases of Stomach, Liver and Intestinal Ailments the knife can be avoided if the right remedy is taken in time.

Don't go around with a foul smelling breath caused by a disordered Stomach and Liver, to the discomfort of those you come in contact with.

If you are a Stomach sufferer, don't think you can not be helped; probably worse cases than yours have been permanently restored by May's Wonderful Remedy.

Most Stomach ailments are mainly caused by a catarrhal condition. May's Wonderful Remedy not only removes the catarrhal mucus, but allays the chronic inflammation and assists in rendering the entire alimentary and intestinal tract antiseptic, and this is the secret of its marvelous success.

Don't suffer constant pain and agony and allow your stomach ailments to physically undermine your health. No matter how severe your case may be or how long you have suffered—one dose of May's Wonderful Remedy should convince you that you can be restored to health again. May's Wonderful Remedy has been taken and is highly recommended by Members of Congress, Justices of the Supreme Court, Educators, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers and people in all walks of life.

Send for FREE valuable booklet on Stomach Ailments to Geo. H. May, 154-156 Whiting St., Chicago, Ill.

May's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

ZEPPELIN DROPS BOMBS ON CALAIS

Five Civilians Killed in Air Raid on French Port.

PROPERTY DAMAGE SMALL

Wire Netting and Cannon Protect Buckingham Palace in England From Air Raid.

Paris, Feb. 23.—A Zeppelin airship bombed Calais, according to an official statement. It dropped projectiles which killed five persons, all of them civilians, and caused some important material damage.

A dispatch to the Havas agency from Calais says that a German dirigible airship dropped several bombs, which did slight damage to the St. Omer, Hazebrouck and Dunkirk railroad line in the vicinity of the railroad station of Frontnettes.

Train service over the line was immediately re-established. Two incendiary bombs damaged several dwellings in the village.

Frontnettes is a little over a mile south of St. Omer, which lies twenty miles southeast of Calais.

Protect Palace With Wire Net. London, Feb. 23.—The north wing of Buckingham palace is being covered with a wire netting about twenty feet above the roof.

This is one of the wings containing the living apartments of the royal family. Additional anti-aircraft guns have been stationed in the neighborhood of the palace, one having been set up in the center of Green park during the past week. If a Zeppelin should be seen hovering over the palace there are at least half a dozen guns that would open fire upon it.

German Gain in Belgium. Berlin, Feb. 23.—The German official statement says:

"In the western theater another hostile trench was taken by us to the east of Ypres (in Belgium). The enemy's counter attacks on the captured positions remained unsuccessful.

"In the Champagne district there was comparative quiet. The number of prisoners taken by us during the last battles in this region have been increased to fifteen officers and more than 1000 men. The sanguinary losses of the enemy have been extraordinarily high.

"The enemy made an unsuccessful attack on our positions to the east of Verdun during the night. In the Vosges the villages of Hochrad and Stossweiler were taken by us after a short engagement. Otherwise nothing of importance occurred."

French Outposts Fall Back. Paris, Feb. 23.—The official statement given out by the French war department says:

"Between the Argonne and the Meuse, at the outskirts of the wood of Cheppy, we carried one of the enemy's trenches and extended our positions. At Les Eparges we won some ground at one point and fell back slightly at another.

"Infantry fighting in which the enemy had three regiments (9000) engaged, occurred in Alsace on both banks of the Fecht. Our advance posts fell back on our main line, which we are strongly occupying. The enemy attacked in serious formation, and as a result suffered heavy losses."

Allies' Warships Damaged by Torps. Constantinople, Feb. 23.—Three British and French warships were badly damaged by the return fire of the Dardanelles forts in the bombardment last Friday. It was announced at the Turkish ministry of marine.

FIRES ON AUSTRALIAN SHIP

Armored Merchant Vessel Sends Five Shells After Mail Boat.

Plymouth, Feb. 23.—The Western Daily Mercury says that when the Australian mail boat Maloja, with 469 passengers on board, was entering the English channel on Saturday afternoon she was ordered to stop by an unknown armored merchantman.

The mail boat ignored the order and made for Plymouth, whereupon the merchantman fired five shells at her, although they all fell short. The Maloja reached Plymouth safely.

Two German Officers Dead.

Amsterdam, Feb. 23.—A dispatch from Berlin to the Telegraph says that Lieutenant General von Wrochem, commander of a German army division, who recently was awarded the Iron Cross, is dead at the German capital. According to the same telegram Lieutenant Count von Bassewitz-Levetzow, a son of the premier of Mecklenburg-Schwerin and brother-in-law of Prince Oscar, fifth son of Emperor William, has been killed in the eastern theater of war.

Building Submarines in Belgium. Amsterdam, Feb. 23.—The Nieuw Rotterdamsche Courant says that it learns from Antwerp that German submarines are still being built in the docks at Hoboken, Belgium, and that when they are completed they will be sent to Zebrügge or Ostend.

ITCHING ECZEMA IS DRIED RIGHT UP WITH SULPHUR

Use like cold cream to subdue irritation and clear the skin.

Any breaking out or irritation on the face, arms, legs and body when accompanied by itching, or when the skin is dry and feverish, can be readily overcome by applying a little bold-sulphur, says a noted dermatologist.

He informs us that bold-sulphur instantly allays the angry itching and irritation and soothes and heals the Eczema right up leaving the skin clear and smooth. Bold-sulphur has occupied a secure position for many years in the treatment of cutaneous disorders because of its parasite-destroying property. Nothing has ever been found to take its place in treating the irritable and inflammatory skin affections. While not always establishing a permanent cure it never fails to subdue the itching irritation and drive the Eczema away and it is often years later before any eruption again appears.

Those troubled should obtain from any druggist an ounce of bold-sulphur, which is applied to the affected parts in the same manner as an ordinary cold cream. It isn't unpleasant, and the prompt relief afforded, particularly in itching Eczema, proves very welcome.

REMARKABLE RESULTS OF THE NEW TISSUE BUILDER TONOLINE TABLETS IN MANY CASES OF ROUNDED MEN AND WOMEN.

PROVE IT YOURSELF BY BUYING a box of Tonoline Tablets NOW.

"By George, I never saw anything like the effects of that new treatment, Tonoline Tablets, for building up of weight and lost nerve force. It acted more like a miracle than a medicine," said a well-known gentleman yesterday in speaking of the revolution that had taken place in his condition. "I began to think that there was nothing on earth that could make me fat. I tried tonic, digestives, heavy eating, diet, milk, beer almost everything else you could think of."

Any man or woman who is thin can recover normal weight by the best new treatment Tonoline Tablets. "I have been thin for years and began to think it was natural for me to be that way. Finally I read about the remarkable processes brought about by use of Tonoline Tablets so I decided to try myself. Well, when I look at myself in the mirror now, I think it is somebody else. I have put on just forty pounds during the last forty days, and never felt stouter. Tonoline Tablets are a powerful inducer to nutrition, increases cell-growth, food, increases the number of blood-corpuscles and as a necessary result builds up muscles, and solid healthy flesh, and rounds out the figure."

For women who can never appear stylish in anything they wear because of their thinness this remarkable treatment may prove a revelation. It is a beauty maker as well as a form builder and nerve strengthener. Tonoline Tablets cost \$1 for a 50-days' treatment, at druggists or mailed by American Proprietary Co., Boston Mass.

Uric Acid Poison Undermines Health

Rheuma Drives It from the System and Eliminates Rheumatism.

Ever since Rheuma has been sold in this vicinity, the sale of this marvelous rheumatism remedy has been steadily on the increase. This is due to the fact that Rheuma is guaranteed to eliminate rheumatism or money back.

It is a quick acting remedy, too. You do not have to wait a long time for results. Rheuma starts at once to act on the kidneys, liver, bowels and blood, and before 24 hours the poisonous uric acid, the chief cause of rheumatism, has begun to pass out of the body through the regular channels. It is also good for gout and neuralgia.

One 50-cent bottle will prove to any rheumatic sufferer that Rheuma surely will cure rheumatism. Sold by Peoples Drug Store and all druggists.

BOOKLET ON APPLICATION

No Silo Needed

IF YOU FEED

INTERNATIONAL

Special Dairy Feed

A silo is a fine thing for the dairyman. But you need not worry if you have none. For you can keep up the milk flow of your cows in winter by feeding them International Special Dairy Feed. It keeps cows in order, appetite good, and coats glossy. Costs less than any other suitable grain ration and makes more milk for a dollar.

Cheapest and Best Dairy Feed Today

This grand feed was a profit maker when grain was cheap. And now it is doubly profitable. For it not only makes more milk than straight grain, but it costs less to buy.

Try a ton and watch the cows pick up. It contains prime mill feeds, cotton-seed meal, molasses, etc., mixed just right to do the business.

Headquarters for Dairymen

We handle a full line of dairy supplies and keep only the best. Our prices cannot be beaten on goods of the same quality. We can supply you with anything you see advertised in the dairy line. We will send for it if we haven't it. Make our store your headquarters when you come to town.

Falling Hair Or Itching Scalp

Purely Cures when You Use Parisian
Sage—Makes Your Hair Soft
and Fluffy.

Now that Parisian Sage—a scientific
preparation that supplies every
hair and scalp need—can be had at
any drug counter, or from People's
Drug Store, it is certainly needless to
have thin, brittle, matted, stringy or
faded hair. No matter how unsightly
your hair, how badly it is falling, or
how much dandruff, Parisian Sage is
all that is needed. Every trace of dan-
druff is removed with one application,
the hair roots are nourished and
stimulated to grow new hair, itching
scalp and falling hair cease—your
hair becomes soft, fluffy, abundant
and radiant with life and beauty.

Parisian Sage is surely one of the
most invigorating and refreshing hair
tonics known. It is easily used at
home—not expensive, and even one
application proves its goodness.

MEDICINE HAT.

The Indian Chief From Whom the Ca-
nadian City Was Named.

Not many persons know what was
the origin of the strange name borne
by the Canadian city that Mr. Rud-
yard Kipling once called "the city
born lucky."

The word "medicine" means more to
an Indian than to us. We think of it as
meaning something nasty that is good
for us, but the Indian distinguishes as
"good medicine" and "bad medicine";
anything that he fancies will change
his fortunes for better or for worse.
Imagine that Lo is hunting antelope
and meeting with no success. Pres-
ently he finds an empty cartridge shell
or the top of a tomato tin, and shortly
afterward he gets a shot at his game.
Can he doubt that the piece of tin or
the shell gave the luck? Not he. He
wears that fragment of tomato tin or
empty shell about his neck with his
other jewelry, and it is "good medi-
cine."

Several years ago there was a Black-
foot chief who lived in the vicinity of
Seven Persons River, where now
stands the city of Medicine Hat. He
and his tribe were fond of hunting and
of making war on their enemies, the
Crees. This chief always wore a head-
dress of feathers that he called his
"medicine hat," for he thought that it
brought him good fortune.

It was a dark day for the chief when
he last met the Crees at the place
where now stands the growing city.
He and his men fell upon the enemy
with great bravery and even put them
to ignominious flight. But just then
a gust of wind whirled out of the west,
caught the magic hat and tossed it
into the swift running Saskatchewan
river. Instantly the poor chief lost all
confidence in himself and his cause,
and with victory in his hand he for-
bore to grasp it, but fled over the
plains toward the Rockies, followed by
his tribe.—Youth's Companion.

GETTYSBURG

What Could Be Done with the \$2,000,000 Which the Full Crew Laws Arbitrarily Take From the Railroads

Increased Railroad facilities, better service, greater safety and
convenience, business expansion and the employment of a great
number of men now idle would follow the repeal of the waste-
ful Pennsylvania and New Jersey Full Crew Laws.

Facts—Not Theories

\$2,000,000 would buy 2000 steel coaches.
It would pay for 80 locomotives.
It would purchase 67,000 tons of rails.
It would return 5 per cent. on \$40,000,000.
It would block-signal 1000 miles of track.
It would eliminate 65 grade crossings.
It would pay for 2000 freight cars.
It would build 200 new stations at \$10,000.
It would provide additional freight terminal facilities.
It would buy 2,500,000 railroad ties.
It would pay for 2,000,000 tons of coal.
The iron and steel industry would be stimulated, furnish-
ing steel for new cars, rails, bridges, buildings, etc.
Miners and coke oven operatives would get increased
work as industry expanded.
New construction would mean busy times for the Lehigh
region cement plants and their workmen.
Thousands of architects, contractors, building trades
workers, electrical concerns and electricians, skilled
mechanics, carpenters, miners, and day laborers would
so get work.

With these incontestable facts thus clearly set forth, the
twenty-one railroads of Pennsylvania and New Jersey feel it
their duty to place the fate of the Full Crew Laws in the hands
of the people. They are convinced the people prefer that em-
ployment be given to thousands for whom there actually is work to
knowing that \$2,000,000 a year is being paid in mandatory wages
for extra men for whom there exists no essential service to per-
form and whose presence, it has been conclusively shown,
increases—rather than decreases—the hazards of railroad
operation.
